

Re-Opening Procedures

As we re-open our private event space we are taking extra precautions to help ensure the health and safety of our guests and staff.

At this time, the following procedures are in effect:

- Event and bakery staff will continue to wear face coverings and follow safety procedures.
- We will continue to conduct staff and guest temperature screenings daily.
- We have a new and improved hand washing station and hand sanitizer readily available.
- At maximum, we are only booking 2 parties a day. Parties will be spaced out to provide ample time to thoroughly clean and sanitize all event areas between events.
- Until we can host events for 50-60 people without requiring face coverings, we cannot book large events including: smash parties, bridal/baby showers, engagement parties, or rehearsal dinners.
- Parties and events are limited to guests and ticket holders only.
- Currently, kids parties, camps, and workshops are only available for kids ages 7 and up.
- All kids parties, camps, and workshops will be drop off only events. For birthday parties, only the parent/guardian of the birthday child may be present.
- Kids are not required to wear face coverings at parties, camps, and workshops. They may wear masks at their or their parent/guardian's discretion.

We appreciate your understanding and cooperation at this time!
Any questions regarding our current event space procedures or available party/event packages can be emailed to:
